The proposed amendment will upon coming into force and effect, serve to amend By-Law No. 26-2013 as follows:

This is an amendment to Section 6.2(k) and Section 3.30 which require that new development be setback 30 metres (100 feet) from the high water mark of a waterbody. This is also an amendment to Section 6.2(q) which permits the enlargement of buildings within the water yard toward side lot lines up to a maximum total lateral width of 18.3 metres (60 feet).

To permit the expansion of an existing deck within the water yard maintaining the existing setback of 6.7 metres (22 feet) to the high water mark. This is an amendment to Section 6.2(q) which permits the enlargement of buildings within the water yard toward side lot lines up to a maximum total lateral width of 18.3 metres (60 feet) and which does not otherwise permit new development within 9 metres (30 feet) of the high water mark.

All other provisions in all other respects as set out in the General Provisions and the Provisions of the Shoreline Residential (SR) Zone shall apply and be complied with as identified in By-Law No. 26-2013.
