

The Apsley & District Lions Club Santa Claus Drive-through

After lots of planning, Santa has been able to find time from last-minute toy production to visit our town for his annual visit to meet the kids, young and old. Because of restrictions, there will not be a parade, nor community children's party at the NKCC this year. Instead, Santa will greet children and parents in a drive-through format at Lions Park.

Date and times: Saturday, November 27th 1 to 2:30 pm.

Entrance for the Drive-through: Home Hardware driveway off of McFadden Road. Lions members will be there to direct traffic to Santa. Pedestrians can also see Santa by following direction from Lions members. Exit continues along the asphalt through the former portable school site, and out the gate onto McFadden Road. For safety, the route must be one-way only.

Access to Santa: For Santa's health and that of the families, please stay in your vehicles. Gift packages for those up to 10 years of age, will be distributed safely by Santa's elves to children in their vehicles. Gift packages will be prepackaged, and handled by Lions, using Health Unit protocols.

Santa is looking forward to seeing all of his North Kawartha friends, and the support of all in following the route directions and interacting with Santa safely, will make this a fun afternoon for all. Santa wants to be sure to be healthy for his Christmas Eve travels to the homes of everyone!
