Whereas the Regional Municipality of York is responsible for a range of human services including housing, community services, and the operation of long-term care homes, and is therefore well-positioned to explore integrated and interdisciplinary approaches to care.

That this model emphasizes voluntary, supported, and meaningful participation in activities that enhance quality of life, social inclusion, and community engagement, without displacing existing workforce roles; and

That Council request that the Region engage with relevant stakeholders, including developmental service organizations, families, and advocacy groups, in considering such approaches; and
