## Recommendation:

That Council adopt the By-Law authorizing the Mayor and Clerk to sign the Fire Protection Grant Agreement.

## Background:

The Ministry of the Solicitor General, Office of the Fire Marshal received Treasury Board (TB) approval for \$30.0M grant over 3 years in funding to support the municipal fire service in acquiring critical equipment and other needs (health and safety, minor infrastructure and specialized tools) to improve and enhance the level of fire protection service being provided. These approved funds are provided through what is known as the Fire Protection Grant.

Year one of the Fire Protection Grant focuses on firefighter health and safety (specifically cancer prevention measures) and minor infrastructure updates. These themes were chosen based on feedback from fire stakeholders across Ontario about the challenges and risks firefighters face in performing their duties. The Township was approved for funding in the amount of \$16,490.90.

Year two of the Fire Protection Grant focuses on firefighter health and safety (specifically, cancer prevention measures) minor infrastructure updates and support for Lithium-Ion Incident Responses These themes were chosen based on feedback from fire stakeholders across Ontario about the challenges and risks firefighters face in performing their duties. Staff applied for this funding in September, 2025.
